

TAKRAF Group, through its established and well-known brands, TAKRAF and DELKOR, provides innovative technological solutions to the mining and associated industries. With approximately 1,000 employees across Europe, Africa, Asia, the Americas and Australia, we offer exciting and challenging global career opportunities.

As of now, we are looking for a successor to fill the following position:

Mechanical Supervisor (m/f/d)

Permanent contract and full-time position – To start as soon as possible in Belo Horizonte, Brazil.

Your tasks:

- Supervise mechanical assembly and installation activities for TAKRAF and DELKOR equipment, such as filters, thickeners, and others, including structures and auxiliary systems.
- Commissioning and start-up of equipment directly at the project site.
- Provide technical support to our clients within the scope of technical assistance services.
- Ensure compliance with TAKRAF occupational health and safety standards.
- Coordinate and monitor the execution of schedules, resources, materials and equipment necessary for assembly.
- Perform technical and quality inspections to ensure compliance with projects requirements.
- Address technical issues and develop solutions to optimize equipment performance.
- Prepare progress and project status reports, identifying potential deviations and proposing corrective actions.

As a **Mechanical Supervisor (m/f/d)**, you can expect varied tasks in a technical, international environment. You will be supported by our competent and highly motivated team.
